Our Team and a Culture of Teamwork

We Drive and Encourage Talent and Leadership

Our team is what makes us so amazing and we aim to foster an environment that values and rewards each person's dedication to our firm, providing them room for growth. In 2021 we rolled out an internal training program, the Barriston Academy, with hundreds of videos to assist our team with developing both their soft and hard skills. This on-demand video training library is used for new hires and seasoned veterans alike, because everyone can skill up and get better.

We Pay a Living Wage

Barriston became a Living Wage Employer! This means that we are paying all of our full-time, part-time and contract employees the living wage rate for our region. This is not only an investment in our people but an investment in our community.

Our Team and a Culture of Teamwork

We Measure Employee Engagement

Regular Employee Engagement Surveys help us measure & monitor current employee engagement levels, and identify driving factors and obstacles to engagement. It also gives our staff an opportunity to voice their opinions, and gives us a benchmark for where we are now, helping us create goals for the future.

In 2022 the results of our engagement survey told us that our staff are happy with their career development opportunities, motivated and engaged at work, enjoy the flexibility our firm offers and are strongly satisfied overall with our firm and the firm culture.

We Host Social Events

Our Social Committee plans events throughout the year for team members from all of our offices to attend. Whether it be a Halloween potluck, or an outdoor BBQ at a local venue, we create opportunities for our team to connect with one another in fun and relaxing ways!

Our Communities and a Culture of Giving Back and Making an Impact

We Encourage and Foster Community Involvement

Barriston has always been dedicated to supporting the communities in which we live and work. After obtaining our Bcorp certification we continued our contributions with an emphasis on meaningful, measurable and strategic support. Our focus is on 4 main areas that we believe build strong communities: Arts & Culture, Health & Wellness, Building Business & Education and Community Building.

We Measure Impact

At Barriston, we encourage and incentivize our team to donate their time and involve themselves with organizations that align with their values and make the world a better place. We celebrate time spent on community involvement, monthly, by listing everyone in our firm who is participating at a community level in some way, and we award draw prizes as a way to say thank you to our team.

In 2021 our team docketed a total of 1,685 hours of community involvement!

We Provide Leadership

In September 2021, with the help of our Green and Bcorp Committees, Barriston achieved Carbon Neutrality under the Carbon Zero certification program for scope 1 and 2 emissions. Our offset funds went to the Niagara Escarpment Forest Carbon Project (NEFCP) which will promote and maintain forest cover and ecosystem function close to home.

Our Future and a Culture of Innovation

We Track and Reward Innovation

As a B Corp, it is important to stay on the cutting edge of innovation and good governance. The changes to the work environment due to COVID-19, was an opportunity for us to take a closer look at how we engaged with our employees and how we measure and reward innovation. At Barriston, we prioritize and reward time spent on innovation to promote out of the box thinking, efficiency and an even better client experience.

We Search out New Ways of Working

In today's world, work takes place out of the office at increasing rates. Our move to a cloud based practice has allowed us to work and interact remotely, respond to clients more quickly and access information more easily. We continue to investigate new technologies and adopt new ways of working, in an effort to transform the legal experience for our clients and our team.
